

## **2024 Stahlman Beekeeping E-mail Notes Issue #17a**

These notes are usually sent out on Saturday. However, this has been a very busy week for me. It seems like everything needs to be done now -- My greenhouse is full of plants that need to go into the garden, the grass is needing cut, my bees are needing me, and my wife has plans.

This is the last of the series on Honey Flows. I will look forward to those topics that reappear year after year as summer hot weather approaches.
