

2024 Stahlman Beekeeping E-mail Notes Issue #26a

I am getting a lot of questions and information regarding wax moths and robbing. This is the season for both. This week's topic is wax moths. Next week the topic will be small hive beetles.

I will be on the road again next week back to Ohio. This time to celebrate past accomplishments and reconnect with old friends. The notes are brief, and the attachment is going to take you back to 1838.
