

2024 Stahlman Beekeeping E-mail Notes Issue #41a

I will be in Rutherford County on Saturday meeting with a beekeeper who had some damage from the hurricane. I will have a chance to take some photos and talk to several people about the damage done in the black mountain area that got hit hard.

I am sending this issue out tonight because I have an early start in the morning.

History part 3 will be issued after Christmas. Then I will be back to the weekly issues for 2025.

I hope all of you have a good Christmas Season.

From Dana and Judi Stahlman
